

**In the Specification**

On page 1 after the title, please insert the section heading “Background of the Invention”

On page 2, between lines 26 and 27 (between the fourth and fifth full paragraphs on page 2), please insert the section heading “Brief Description of the Invention”

On page 3, between lines 8 and 9 (between the first and second full paragraphs on page 3), please insert the new section “Brief Description of the Drawings”, as follows:

**“Brief Description of the Drawings**

Further advantages, features and possible uses of the present invention will be apparent from the following description a preferred embodiment and the accompanying drawings in which:

Figure 1 shows a conventional apparatus with a row of U-shaped pockets which are suspended in a support stand.

Figure 2 shows the addition to the conventional apparatus of a tensioning arrangement according to the invention.

Figure 2a shows a magnified cross section of a bar retaining arrangement used in the embodiment of Figure 2.

Figure 3 is a view of a further alternative form of pocket with an additional securing element.

Figure 4 shows the arrangement of the securing element in relation to an article which is accommodated in the pocket and which is tilt-proof.

Figure 5 shows the arrangement and use of the securing element in relation to an article which otherwise could not be tilt-proofly accommodated in the pocket, and

Figure 6 shows an embodiment similar to that of Figure 2 except that attachment in the proximity of two lower ends 4a and 4b of a U-shaped pocket are shown and the bar 6 is biased away from the bottom wall of the pocket by elastic 5a and 5b pulling downwardly on the bar 6 and also on the pockets.”

On page 3 between lines 8 and 9 (between the first and second full paragraphs on page 3) and after the above new “Brief Description of the Drawing” section above, please insert the section heading “Detailed Description of the Invention”.
